# Events: did we miss something?

- Several events planned during the 1<sup>st</sup> semester 2012 were cancelled, mainly due to a too tight timing for the organization of the events and the advancement of the work progress.
  
  - We originally had:
    - EWEA, partner 3E;
    - InlightExpo, partner ENTPE;
    - InterSolar, partners Armines, DLR, Transvalor, and HS Ulm;
    - SolarExpo, partner FLYBY.
- ⇒ Nothing happened? Sure?
